## REPAIR ACCOUNT.

Cleaning school house.....	\$24 50
Brooms and pails .....	85

The Superintending School Committee have looked after the minor repairs, also the work done at East Ridge and on the village school house, and have bought the fuel, so I have had nothing to do with those accounts.

On the whole I believe the schools have been fairly successful the past year. I should like to have the parents visit the schools more, and get better acquainted with the teachers and their work.

Parents do not seem to take interest enough until some trouble comes up between teacher and child, and then they are apt to criticize and condemn the teacher, who may not be wholly to blame for the trouble. To get best results, the parents *must* co-operate with, and stand by the teacher.

The attendance has been very good, though during the spring term many of the pupils were vaccinated, and this caused some absence. The cold weather of the present winter cut into the last part of the winter term, making the average attendance small in some of the schools.

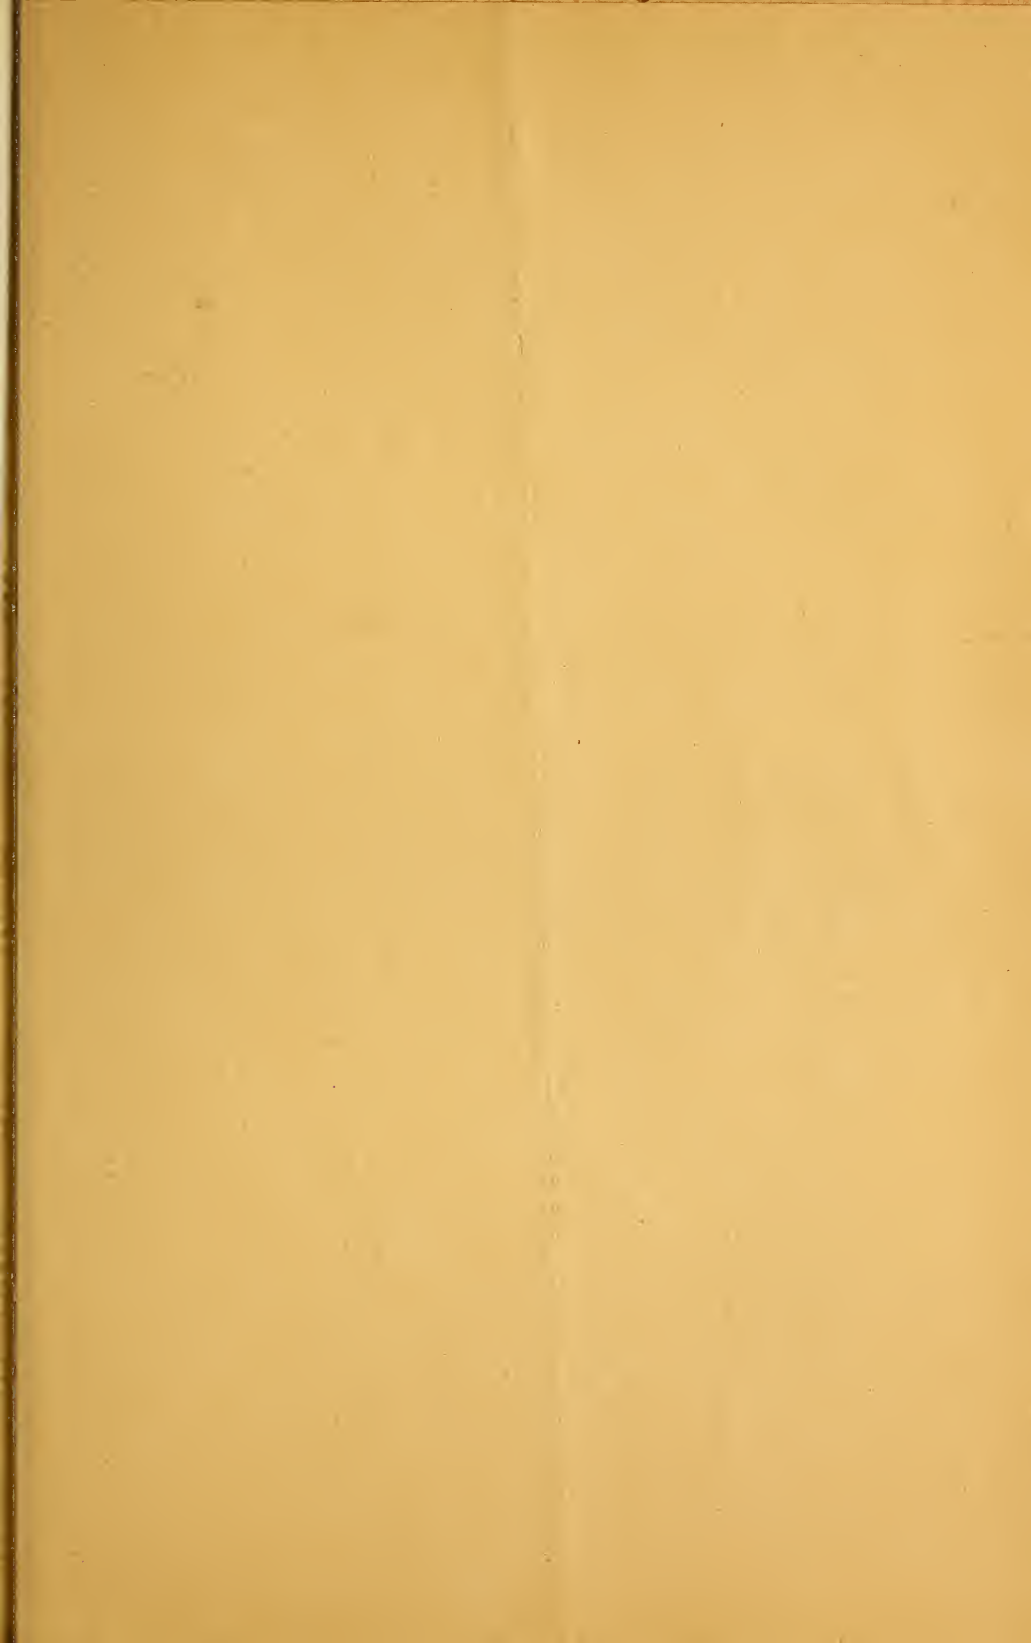

Our schools are well supplied with books now, but there is a constant wear that must be made good each year.

I think \$200.00 will be a sufficient amount for text-books for the coming year.

Respectfully submitted,

F. G. RUSSELL, Supt. of Schools.

One of the most convenient things in a family is a good sewing machine. Now, we have a good assortment of them with all the latest improvements, such as dropped heads, to keep the dust from getting into the machine, and we do not ask an exorbitant price for them.

These machines we have carried for fifteen years and they have always given perfect satisfaction.

**NOTE THE FOLLOWING:**

NO. 73 MACHINE, 3 DRAWERS, FOR \$20.00

NO. 75 MACHINE, 7 DRAWERS, FOR 25.00

NO. 16 MACHINE, 7 DRAWERS, FOR 30.00

NO. 5 MACHINE, 7 DRAWERS, FOR 27.50

We will let any responsible party take these machines for two weeks on trial, then they can pay \$5.00 down and \$1.00 per week. These machines are warranted for years. Compare these prices with those of agents who go around selling them, and you will see that we can beat them from \$10.00 to \$20.00 on a machine.

Any man who feels dissatisfied with *HART, SCHAFFNER & MARX CLOTHES*, and who has reason to feel so, can get his money back. They are not infallible as clothes makers, and some men are harder to satisfy than others. But we can always give a man his money back if he has reason to ask it, and if that doesn't satisfy him, nothing will in this world.

Total number of children of school age in town, April 1st, 1904, 329. Total number of different scholars registered during year, 252. Number not registered for year, 77.

Number of weeks school in each district as follows :

No. 1, 26; No. 2, 25; No. 3, 26; No. 4, 25; No. 5, 26; No. 6, 26; No. 7, 26. Total, 180 weeks.

Average wages paid teachers, Spring, \$8.84†; Fall, \$9.00; Winter, \$9.00. Average for year, \$8.94†

Different teachers employed during the year, 14. Those teaching one term only 5. Out of town teachers, 5.

Much interest has been taken by all the teachers the past year, and the pupils have readily responded to their efforts to make the schools a success.

Especially is this the case with the East Ridge School which was in bad condition, but I can safely say now, that it is second to none in town, and I feel sure that the parents without any exception, are well pleased with the work that has been done in this school.

Respectfully submitted.

Supt.

wants to send any young man or woman literature relative to the facilities it offers to those desirous of securing a training which is of value in obtaining remunerative employment.

One thing relative to this school worth considering is the fact that the school in Bangor alone in the period of six years has become larger in attendance than all other similar schools in Eastern Maine combined. No school can have this success unless it has merit. Think this over and send for new catalogue.

No of scholars in town, 324. No of weeks school in each district 24. Average wages paid teachers, spring term \$9 25. Average wages paid teachers, fall terms \$9 25. Average wages paid teachers, winter terms \$9 50. Different teachers employed during year 12. Those teaching one term only 4. Out of town teachers 6. Resident teachers 6.

There has been a good degree of interest manifested in our schools, both by teachers and scholars.

In district No 1, the three terms have been in charge of

Miss Nina Williams of Silver Ridge. This is one of the largest schools in town requiring much work but Miss Williams proved herself equal to the task.

In district No 2, the Primary grade was taught by Miss Lottie Roberts of Sherman. Miss Roberts labored under the disadvantages of a poor school room which made it much harder for teacher and scholars, but by tact and energy Miss Roberts succeeded in having three terms of profitable school.

The Grammar grade in No 2 was taught by Miss Nettie M Friend. Miss Friend is a teacher of large experience and manifested rare ability in her manner of teaching and discipline.

In district No 3, spring and fall terms were taught by Miss Pansy Emery of Sherman with good success. The winter term was taught by Miss Essie Sawyer of Linneus. The attendance at the winter term was small but those that attended school made good progress.

The spring term in No 4 was taught by Miss Effie Emery of Sherman. Miss Emery is well known as a successful teacher. The fall and winter terms were taught by Miss Alta Hunter of Houlton. Miss Hunter is a good teacher and worked faithfully in the school room, but the school was too small to bring out the best work of a teacher.

The school in district No 5 was taught in spring and fall by Miss Lillie Friend of Sedgwick. Miss Friend has had charge of this school for several terms and has brought it up to be one of the best schools in town. The winter term was taught by Mr Eddie Roberts of Sherman. Mr Roberts possesses good ability as a teacher and made the term a successful one.

In district No 6, the three terms were taught by Miss Bessie Kneeland of Sherman. Miss Kneeland labored faithfully in the school room and without doubt the scholars

made good progress.

In district No 7. the spring term was taught by Miss Lena Kneeland of Sherman. Miss Kneeland has been successful in her teaching. The fall and winter terms were taught by Miss Myrtle Connor of Silver Ridge. Miss Connor is a bright young teacher and with experience will rank well.
